CAREER OBJECTIVE

Motivated B.Tech undergraduate with a keen passion for web development, data analysis, and cutting-edge technologies. Looking to leverage technical knowledge and problem-solving abilities in a forward-thinking organization. Proficient in analytical reasoning and programming, with a focus on building effective and innovative solutions in fast-paced environments.

EDUCATION

Malla Reddy College of Engineering and Technology (MRCET) <i>B.Tech in Computer Science and Information Technology (CSI) – 8.45 CGPA</i>	Hyderabad, India 2022 – 2026
Sri Gayatri Junior College <i>Higher Secondary Education – 87.8%</i>	Hyderabad, India 2020 – 2022
Aditya Public School <i>Secondary School Certificate (SSC) – 10 CGPA</i>	West Godavari, Andhra Pradesh, India 2019 – 2020

PROJECTS

- **Detection of Cardiovascular Diseases in ECG Images — ML & DL (AI)** Jun 2025 – Oct 2025
 - Developed a deep learning-based system to predict four heart conditions — abnormal heartbeat, heart attack, past heart attack, and normal cases — using ECG data.
 - Applied pre-trained CNN models like **SqueezeNet** and **AlexNet** to automatically extract intricate features, improving prediction accuracy.
 - Built an automated system for early detection of cardiovascular diseases, enhancing diagnostic efficiency and patient outcomes.
 - Trained and tested the system on 50K+ ECG image samples to ensure robust performance.
- **CROPGURU — Web Development & Machine Learning** Jun 2024 – Dec 2024
 - Developed **CropGuru**, a web-based crop recommendation system using machine learning algorithms (**Random Forest, SVM, Decision Tree**).
 - Analyzed soil and environmental parameters to provide accurate, data-driven crop suggestions.
 - Designed a user-friendly interface for farmers to input real-time data and receive tailored recommendations, promoting sustainable and efficient farming practices.
 - Processed 50K+ soil and environmental data records to enhance recommendation accuracy.
- **City Employee Salary Analysis — Data Analysis** Jan 2024 – Jun 2024
 - Conducted comprehensive analysis of city employee salaries to identify patterns across job roles, experience, gender, and education.
 - Utilized data visualization and statistical techniques to detect trends and disparities.
 - Supported fair pay policies, efficient budgeting, and employee satisfaction insights.
 - Worked with 50K+ employee records to ensure accurate and actionable analysis.

KEY SKILLS

- **Programming Languages:** Python
- **Web Technologies:** HTML5, CSS3, JavaScript
- **Machine Learning:** Random Forest, Support Vector Machine (SVM), Decision Tree
- **Deep Learning:** Convolutional Neural Networks (CNN), Transfer Learning (SqueezeNet, AlexNet)

- **AI / ML Techniques:** Model Training, Testing and Performance Evaluation, Feature Extraction from Image Data, Classification & Prediction Systems
- **Operating Systems:** Windows Family
- **Databases & Tools:** MySQL, MongoDB, Git, GitHub, MS Word
- **Soft Skills:** Presentation Skills, Communication Skills, Leadership, Time Management, Teamwork, Problem Solving

ACHIEVEMENTS & CERTIFICATIONS

- The Data Science Course: Complete Data Science Bootcamp 2026 – Udemy (365 Careers), June 2026.
- Smart India Hackathon Participant – MRCET Campus
- Python Development Internship – **DevElet Technologies** (completed 2 professional projects)
- Cambridge English Empower Level C1 Course – Cambridge University Press & Assessment
- Artificial Intelligence & Generative AI Training – Infosys Springboard

PERSONAL SKILLS

I am good at managing time and organizing tasks to stay productive. I maintain a positive attitude while facing challenges. I understand and manage my emotions well and show empathy towards others.

HOBBIES & INTERESTS

- Passion for drawing, expressing creativity and attention to detail.
- Enjoy traveling, exploring diverse cultures, and broadening perspectives.
- Strong interpersonal skills; excel in socializing and building meaningful connections.

LANGUAGE SKILLS

- **English:** Professional working proficiency
- **Hindi:** Moderate
- **Telugu:** Fluent
